About Us

Established in year 2004, **Source1 Instruments** is an organization, engaged in manufacturing and supplying a comprehensive range of **industrial process control instruments and equipment**. Our range of Vibration Meter, Thermo Anemometer, Digital Manometer, Moisture Meter and Surface Roughness Tester is widely acknowledged for accuracy, user friendly operation, minimum maintenance and longer service life. Our complete range is provided under the brand name of '**Indi**'. We not only hold expertise in manufacturing industrial process control instruments and equipment but also engaged in retail selling of various Indian and imported analytical, scientific & electronic instruments. Moreover, we also offer certification services for several electronic instruments. Our entire range is fabricated in our well developed manufacturing unit, which is based at Vapi, a chemical hub of India. We check our range instruments and equipment on parameters like measurement accuracy, heat resistance and surface temperature to guarantee defect free products. Our organization is headed under the mentorship of **Ms. Nisha Agarwal**, whose sharp business sense and vast industry experience has enabled us to earn a respectable position in the domestic market. It is due to our clear philosophy and quality policy we have established an amiable relationship with our customers based in different parts of the country.

THERMO ANEMOMETER

Product Range

Model *indi* 6145

Mini Thermo Anemometer

Model *indi* 6146

Digital Thermo Anemometer

Model *indi* 6147

Pocket Anemometer

Model *indi* 6148

Hot Wire Thermal Anemometer

THERMO HYGROMETER

Product Range

Model *indi* 6333

Thermo - Hygrometer with Clock

Model *indi* 6339

Dew Point Hygro Thermometer

Model *indi* 6334

Hand Held Thermo Hygrometer

Model *indi* 6331
